## DUTIES OF THE HEART

Come and study selections from Bachya Ibn Pakuda's classic pietistic text, Duties of the Heart. We will approach the book as it has been understood for centuries, as a guide to living a life of holiness and devotion, but we will also take advantage of the modern scholarship that has revealed Bachya's use of Sufi and other Islamic sources in creating this Jewish classic. Duties of the Heart is one of the most beloved books in the corpus of Jewish tradition. Don't miss this opportunity to become acquainted with this classic of the spirit. Texts will be provided.
